

RECON

Skilled Commercial Carpenter

We're hiring commercial carpenters with a proficiency in metal stud framing, drywall, ACT grid, VCT flooring, and doors. A well-rounded understanding of commercial carpentry or any other building skills is a plus. Up front - you must pass a background check, have a valid driver's license, no substance problems, have a positive attitude towards safety and show up on time and ready to work. We are a growing company that is looking for the right team members to join us.

Job Duties:

- Execute construction duties that range from general labor to advanced building techniques.
- Take direction with the ability to work independently and with crew.
- Maintain job site safety and cleanliness.
- Safety is paramount, if you cannot adhere to strict safety guidelines and procedures, please look elsewhere.

Compensation & Benefits:

Full-time position - 40 hours per week. Competitive pay based on experience and skill level, with benefit eligibility.
